COOK'S NEW HYBRIDIZED POTATO SEEDS FROM SEED BALLS

The Wonder of Potato Growers, The Amazement of Gardeners and a Puzzle to Scientists.  

EVERY SEED WILL POSITIVELY PRODUCE A NEW AND DIFFERENT VARIETY OF POTATOES.

My Unrivalled Potato Seeds  
From the Seed-Ball, is the wonder of the Vegetable World. There is nothing like them. No product of the Garden so interesting—none may prove of such value.

All Valuable New Potatoes Are Produced From Such Seeds.  
The Seedlings will be all colors, shapes, sizes and qualities—often 100 to 200 Potatoes in a hill (see illustrations). There will be white, yellow, pink, red, blue, purple and black Potatoes. The Seed seems to go mad and try to produce anything and everything in the Potato line. Very strange and marvelous "freaks" often appear.

Potato Seed Balls are vanishing. Millions never saw one. Thousands have tried in vain to get the seed—willing to pay any price. Now is your opportunity. Get them while you can. They may soon be gone forever.

The World greatly needs a better potato—one blight-proof, rot-proof, in fact a perfect Potato. It can only be obtained from such seeds as I offer. Your chance is good to sny. Produce a better Potato and you will reap a golden harvest and confer a priceless blessing on the world.

I have made a specialty of Hybridized Potato Seeds for many years. It is a worthy object. Agricultural College Experts write me in praise of my good work in helping to create new and better Potatoes. Every planter should lend a helping hand. Grow these interesting Seedlings. Never before so good a chance to create improved Potatoes.

Try this rare seed now! It may be your last chance. The possibility of producing a new variety superior to all others and more valuable than a gold mine, is fascinating in the extreme. Order to-day.
